Subluxated Lens, Small Pupil and Pediatric Cataract Preface Friends, Way back in my residency, one of my patients had vitreous haemorrhage. I advised him Crooke`s collosol iodine. He came to me after 15 days with a smile on his face. He was happy to have an improved vision. I was feeling proud about myself as I was convinced that his vision improved because of my treatment. Then I asked him, "how many times did you take that mixture?" Surprisingly, he said, "I didn`t take it. I followed the instructions on the bottle. It said-"keep the bottle tightly closed!" Then I realized that most of the times nature takes the care and surgeon catalyses the process so as to get good results. This is the reason, Phaco cataract...
