By Fred Toates

Pearson Education Limited, United Kingdom, 2017. Mixed media product. Condition: New. 3rd edition. Language: English . Brand New Book. Assuming no prior knowledge of biology and building upon previous editions, Biological Psychology third edition uses everyday experiences to explain complex concepts in an interesting and highly accessible way. This is complemented by a range of inventive pedagogical features and extensive full-colour illustrations to stimulate interest and help students to develop and test their understanding. Online resources accompanying the text can be found at include video clips, interactions, animations, self-test questions and research updates to help students consolidate their understanding and prepare for assessment. Professor of Biological Psychology Frederick Toates from The Open University has done the field an enormous service in the Third Edition of Biological Psychology. Students worldwide will enjoy this text as it sets a new benchmark for a life science approach to brain and behaviour. The inclusion of evolutionary (both ultimate function and phylogeny), neurobiological and developmental perspectives on brain and behaviour make this textbook a first choice for the next generation of undergraduates studying biology and psychology. Dr William M Brown, BA (Hons) MSc PhD, Lecturer, School of Psychology, University of East London Toates's third edition is...
