Createspace, United States, 2013. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.I have a passion for organizing, productivity and entrepreneurship. This has led me to work with many overwhelmed entrepreneurs, busy professionals and small business owners over the past decade. Over the years I've discovered that when it comes to organizing, there's more to it than just getting rid of stuff and clearing it away. It's more than the outer stuff. There are tons of great ideas to do that. Since outer clutter is a direct reflection of what's going on internally and that's where the process should begin. This devotional guide was written to help you work through the internal de-cluttering process inside and out. That's how you get lasting results. It's about life change. This guide helps in planning and reorganizing the space of a room, improve paper management and time-management. Most importantly you will get clear about your purpose, and boost personal productivity.
