## Explore It!: Reduce Risk and Increase Confidence with Exploratory Testing

By Elisabeth Hendrickson

The Pragmatic Programmers, United States, 2013. Paperback. Book Condition: New. 224 x 188 mm. Language: English . Brand New Book. Uncover surprises, risks, and potentially serious bugs with exploratory testing. Rather than designing all tests in advance, explorers design and execute small, rapid experiments, using what they learned from the last little experiment to inform the next. Learn essential skills of a master explorer, including how to analyze software to discover key points of vulnerability, how to design experiments on the fly, how to hone your observation skills, and how to focus your efforts. Software is full of surprises. No matter how careful or skilled you are, when you create software it can behave differently than you intended. Exploratory testing mitigates those risks. Part 1 introduces the core, essential skills of a master explorer. You ll learn to craft charters to guide your exploration, to observe what s really happening (hint: it s harder than it sounds), to identify interesting variations, and to determine what expected behavior should be when exercising software in unexpected ways. Part 2 builds on that foundation. You ll learn how to explore by varying interactions, sequences, data, timing, and configurations. Along the way you ll...
